2. Transport charges

The following transport charges have been transcribed from the comparison price list supplied by the client. They are shown as reference tariffs for preparing the catalogue, not as verified Analog Solutions carrier costs. Confirm the actual truck, route, distance, load capacity and carrier charge before issuing a customer quotation.

TRANSPORT ITEM	REFERENCE EXCL. VAT	REFERENCE INCL. VAT	NOTES
Transport (1–6 m^3)	R28.00 / km (return trip)	**R32.20 / km (return trip)**	Reference tariff; confirm whether the carrier charges the full return distance.
Transport (6–15 m^3)	R30.00 / km (return trip)	**R34.50 / km (return trip)**	Reference tariff; confirm truck availability and payload.
Town transport (1–6 m^3)	R300.00	**R345.00**	Flat charge shown in the comparison list; service area and conditions were not specified.

VAT calculation on transport: reference ex-VAT amount × 1.15. The comparison price list states that prices are exclusive of VAT. No delivery price is included in the product selling prices above.

4. Important product and quotation information

Availabilityand pricing: All catalogue pricesare indicative and subject to supplier confirmation, availability and change.
